5. FIFE: ANTI SWEAR BRIGADE

FIFE Organization has launched a campaign called Anti Swear Brigade with the objective of educating the youth about the ill-effects of using abusive language and swear words, and its association with misogyny. As a part of the campaign, FIFE organized a seminar with Janki Devi Memorial College on 8th September, 2022 at Room Number 68 of Janki Devi Memorial College. The session offered a safe space where everyone was seen, heard and understood.

The session included informative videos, presentations, group work, case studies, and some fun games. In the age, where the cuss words are becoming the new cool, the session highlighted the wrong behind it. It helped the students to recognize how cuss words are not just words to vent anger. The abusive language has a deeper, misogynistic correspondence. The session helped to sensitize the participants. The FIFE's Anti Swear Campaign strives to make people aware about

7. ONLINE SESSION ON CLIMATE THROUGH THE LENS OF GENDER

Ms Shubhika prepared the ground for an engaging online workshop for students. Her session was extremely interactive and the students through practical involvement gained immensely during the session. Ms Shubhika provided a very clear background to gender issues and the ways in which women are both affected and also play a potentially positive role in impacted changes in climate change. The session was particularly important in bringing out issues related to climate change and the ways in which women can be constructively involved.

Disability is the world's largest minority.
One in every four people live with a disability.

Putting Disability Into Context

Globally, according to the World Health Organization, disability has three dimensions: Impairment in a person's body structure or function, or mental functioning. Examples of impairments include loss of a limb, loss of vision or memory loss. Activity limitation, such as difficulty seeing, hearing, walking, or problem solving. In India, according to The Rights of Persons with Disabilities Act, 2016, "Person with disability" means a person with long term physical, mental, intellectual or sensory impairment which, in interaction with barriers, hinders his full and effective participation in society equally with others. But it is important to note that Disability is not a fixed category, but denotes a fluid and shifting set of conditions. "Disability is not a simple phenomenon and cannot be categorised in fixed ways." (Tarshi)

Definitions by their very nature tend to be very limiting and often over-simplify ideas in their attempt to offer clarity and focus. Dr. Anita Ghai, disability rights activist and academic, points out, "The definitional riddles in disability are extremely significant as they decide the fate of the person designated as disabled." Disabilities range from physical to cognitive, visible to invisible, mild to severe. A person can have more than one disability, shaping their unique experiences. Given how complex disabilities can be, one thing to note here is that how disability is defined greatly influences what and who is included or excluded as a disabled person. Our campaigns do not focus on any one disability, but on the discrimination that the community faces as a whole

39. BIND AND BOND"- The donation drive

GIRL UP NITARA organized a donation drive "Bind and Bond" where scrap/unused pages of old notebooks were collected via donations from the JDM college students and staff, later binded to make new notebooks. These were then donated to unprivileged and needy children who can't afford it.

Day 1 Time: 10 am to 2pm

On 13th Feb, a team of members from Girl up Nitara put up a stall from 10am to 2pm, inviting donations of unused pages from students in the campus itself. The team worked hard in spreading the word for the donation drive by sharing the motive with the college students passing by the stall.

Thereafter many students participated in this donation drive.

Day 2

Time: 10 am to 2pm

On 14th Feb the day started off with a very interesting quote " **Paper dedo Roll Bind karna hai**". Many students got attracted towards it and loved the way of advertisement. Through posters, online messages and notices, students got to know about donation drive and contributed for the purpose. Seeing the overwhelming response from the students it was decided to extend the Phase 1 to another day.

Day 3

Time: 10am to 2pm

On the last day of phase 1, the team was super active and team members also participated by donating the pages. Also, as a token of appreciation, the team distributed toffees and chocolates to students who donated pages. The whole process depended upon the willingness of the students on how many pages they wanted to donate. The team was polite and respectful to the students.
