Report of Future READY Careers: Trends and Skills

The Career Opportunity Cell of Janki Devi Memorial College organized a seminar on Future Ready Skills: Trends and Skills on April 18, 2024, in association with the prestigious Madhindra University. The event featured guest speaker Mr. Debopam Chakrabarti. With almost 100 students in attendance, the seminar began with the anchor introducing Mr. Chakrabarti, setting a positive tone. The seminar provided valuable insights into the changes in career orientation, wherein, he elucidated on the traditional career orientations v/s the new career orientation. He focused on the six major key soft features everyone must possess in order to get into the field of corporate; critical thinking, communication skills, learning mindset, ethics and integrity, emotional intelligence, and resilience. The event concluded with Mr. Chakrabarti addressing the questions put forward by the attendees.

Report of the seminar on Mastering MBA

The Career Opportunity Cell of Janki Devi Memorial College organised a seminar titled "Mastering MBA," on 15 th April , 2024.The seminar featured Sunil Dua, a seasoned educator with over three decades of experience, including tenure at T.I.M.E Institute. The seminar delved into the critical skill of guesstimates, essential for MBA entrance exams, focusing on problem-solving, communication, and business acumen. Attendees were guided on structuring their approach, making robust assumptions, and avoiding common pitfalls, with practical examples such as estimating the lipstick market in India.

Throughout the seminar, participants learned the importance of prioritising approach and logic over final answers, with an emphasis on clarity and precision. The session equipped attendees with valuable strategies to excel in MBA entrance exams and navigate real-world business scenarios effectively, reinforcing the core principles of guesstimates and their application in the broader field of business administration.

Report for the event

The Career Opportunity Cell of Janki Devi Memorial College, organised a seminar on studying in abroad on 12th March, 2024.

The speaker shared insightful ways to study abroad, including university exchange programs, scholarships, and partnerships with study abroad organizations. They discussed a variety of career paths that can emerge from these experiences, like international business, diplomacy, and global health, showing how studying in different environments can open doors to exciting job opportunities. The talk emphasized that immersing oneself in a new culture and education system not only enhances professional skills but also promotes personal growth. Ultimately, the speaker conveyed that such experiences are invaluable for learning and developing a broader perspective..

Report of the webinar

On 1st March, 2024 Career Opportunity Cell of Janki Devi Memorial College organised a webinar on “Career Opportunities for Graduates in South Asian Countries” featuring Dr. Monika Sharma, Director of Swami Vivekananda Cultural Centre, as the KeyNote Speaker. The webinar started and students joined in eagerly.

The Speaker captivated an audience of 100 students who interacted with her actively, seeking advice on Career Advancement. They asked for tips on how to manage time when part of internships, even the convenors asked questions about how to send students abroad and whether it’s fruitful.

Her depth of knowledge and personalised guidance created an enriching and learning seminar.

Report of Workshop on Canvas Dreamscape : Bring dreams to life

The Career Opportunity Cell of Janki Devi Memorial College organized a Workshop on Canvas Dreamscape animation on February 27,2024.The event commenced with the introduction of speakers: Mr. Hemant Singh, an expert in figurative; Mr. Sachin Prajapati, specializing in Artificial Intelligence and 3D Nuke; and Mr. Mohd. Visal, an expert in graphics.

The workshop then delved into the fundamentals of animation and graphics. Later, students were provided with sheets to express their creativity, with the choice to draw either environmental scenery or jewelry designs. Among them the best art was selected. Based on it an animation was created using the unreal engine software. Throughout the process of making animation students were guided how to know the width, size ,color scheme and adjust it according to the animation. At the end full animated video was projected which clearly gave life to the art on paper. All the students were fascinated and learned a lot throughout this workshop.

Report of seminar on Social Media and AI

The Career Opportunity Cell of Janki Devi Memorial College organised a seminar on Social Media and Artificial Intelligence (AI) on 20th February, 2024. The speaker, Professor Shivani Bali from Jaipuria Institute of Management, Noida graced the event. Seminar started with Convenor and Miss Preeti Mam honouring Dr Shivani bali. The seminar further delved into AI's role in devices (Alexa, Google Assistant, Smartwatches) and its practical impact on businesses, exemplified by Big Basket's "Smart Basket." It explored the digital transformation of economics, aligning with the G20 summit's sustainability theme, introducing Industry 5.0. Advancements in AI were discussed, showcasing tools like ChatGPT, Sora, Bard, and Bing for text-to-video and content creation, emphasising benefits such as work hour reduction through automation. The session concluded with the resonant idea that "The future is already here; it's just not evenly distributed," offering valuable insights of Social Media and AI.

Report for the event

The Career Opportunity Cell, JDMC organized an industrial visit to the Coca-Cola Factory in Greater Noida on October 17, 2023, and October 21, 2023. A total of 90(45 each day) students participated in this informative visit. The visit commenced with a presentation, where the students were shown a video containing valuable facts and information about Coca-Cola. Subsequently, the group proceeded to the Vault Zone, where they received a detailed explanation and demonstration of the production and packaging processes for Coca-Cola beverages.

The next part of the visit took place in the museum, where an extensive collection of Coca-Cola bottles from its inception was on display. The students were given insight into Coca-Cola's ongoing projects. The visit concluded with a visit to a section featuring a Santa corner, the Coke Studio, various games, and even a Coca-Cola truck. As a parting gesture, each student was given a Coca-Cola can. The industrial visit was deemed a resounding success, providing students with valuable insights into the world of Coca-Cola while also offering an enjoyable and memorable experience.

Report for the event

The Career Opportunity Cell organized an insightful webinar in collaboration with EducationUSA on 6th October 2023, aiming to simplify the U.S. admission process for aspiring international students. The featured speaker, Ryan Pereira, provided a comprehensive overview of why students should consider studying in the U.S. He also outlined crucial details about U.S. higher education, including the various intakes, types of institutions, and available degrees. He emphasized the importance of a well-structured approach through the "5 Steps to U.S. Study." Furthermore, Mr. Pereira shed light on what U.S. schools typically look for in applicants, emphasizing the holistic evaluation of applications, academic performance, and the alignment between students and institutions. At last Q&A session was taken up where the student query was resolved. The seminar was a valuable resource for students seeking clarity and guidance in pursuing their education in the United States. It empowered them with knowledge and tools needed to make informed decisions about their academic future.

The Career Opportunity Cell, in collaboration with Zerodha, hosted a webinar on Personal Finance on September 28, 2023, attended by 300+ students via Zoom. Ms. Satya initiated the session with general financial queries, stressing the importance of financial management, savings, and investments for students. She offered guidance on investment options like distributors, registered advisors, and research analysts. Equity investments were a major focus, covering direct stock picking, mutual funds, model portfolios, and PMS/AIF. Debt investments were discussed for stability. Diversification, including gold and international equity, was emphasized. Setting clear financial goals and retirement planning tools were encouraged. The webinar recommended Zerodha Varsity for stock market learning and certification, providing students with vital insights into personal finance in a concise, informative session.

Report for the event

On 25th September 2023, the Career Opportunity Cell of Janki Devi Memorial College orchestrated a highly informative industrial visit to the Bombay Stock Exchange (BSE). A group of over 50 students from the Commerce and Economics departments, accompanied by two faculty members, Mrs. Shilpa Maggo and Mrs. Swati Malik, participated in this enlightening expedition. The topics covered were extensive and encompassed the capital market sources, procedures, the importance of prospectuses, knowledge of Initial Public Offerings (IPOs), the process of trading, Demat accounts, and the concept of a "God Demat Account" designed for share donations. Additionally, the students gained a profound understanding of the market structure. Mr. Sanjeev Das took the stage to offer practical insights through real-world examples of negotiations. He showcased a video illustrating the historical BSE trading practices in Mumbai highlighting the dramatic shift towards digital trading. It was a valuable excursion, and the participants returned with a newfound appreciation for the intricacies of the financial markets.

Report for the event

The session commenced with Mr. Sharma emphasizing the significance of discipline in the context of the UPSC (Union Public Service Commission) examination and the importance of coaching. He also discussed the critical aspect of prioritizing tasks in UPSC preparation, Mr. Abhishek then delved into the realm of developmental administration, highlighting the practical aspects of this field. He encouraged attendees to perceive UPSC as a distinctive rather than a difficult examination. A significant segment of the session revolved around the choice between online and offline coaching. Strategies for effective note-taking in UPSC were also shared.

The session underscored the importance of developing a well-rounded personality for UPSC aspirants and touched upon the role of mathematics, which is relatively minimal but emphasized the significance of the CSAT quantitative aptitude section. Choosing the correct optional subject was emphasized. The event concluded on a positive note, leaving attendees inspired and better informed about the nuances of UPSC preparation.

Report for the event

The Career Opportunity Cell, in collaboration with the commerce department, organized a training session to bridge the gap between student's existing skills and the requisite skills to be in the top companies. The students from the commerce field (only third years) registered and joined the three-day development program through the Zoom platform. The participants were trained on aptitude/logical reasoning, and communication skills, and domain training was provided. The students were given training for 2 hours daily from 7th September to 9th September 2023 followed by a test. On 7th September, Ms. Simran gave a training on digital marketing and content writing. On 8th September, Ms. Karishma gave training on Personality development. On the last day, 9th September, Mr. Niteesh gave training on aptitude and logical thinking. 60+ students from the commerce department attended the session. In the end, a feedback form was circulated and the response was positive from them.

Report for the event

The Career Opportunity Cell, Janki Devi Memorial College organized a Seminar on Resume Building on 12th September, 2023. Approximately 88 students were in attendance. The event started with Ms. Niharika introducing us to the fact that most recruiters spend about six seconds on a single resume- a powerful hook. Further topics covered during the session were: Resume vs. CV vs. LinkedIn profile, 10 mistakes in a resume, Lack of specifics, Elements of a resume, How to tailor your resume, Formatting guidelines. The session progressed to looking at the college format, analyzing it, and bettering it. Towards the end, a mock interview session took place (with questions: tell me about yourself, strengths and weaknesses, walk me through your resume, the salary you're expecting) in order to give a glimpse to students about their current understanding of the interview process and how they could potentially better it. The session ended on a high note.
