For this session, the speaker conducted various interactive activities which helped the participants understand the various expectations placed on women within a patriarchal society. Ms. Shubhika then discussed how these expectations further the gender discrimination that exists within society. These sessions were highly beneficial for the students as they were introduced to the various gender issues that still affect society. Furthermore, these sessions also gave students a platform to express their opinions and experiences of gender issues and gender discrimination. The interactive and activity filled sessions kept the students engaged and they were able to learn a lot from these sessions.
